FDA Submission Tracking Numbers (STNs): Multiple STNs, see Appendix A

Dear Mr. Howard:

We completed a preliminary review of your PMTAs¹ and determined that these applications meet the filing requirements for a new tobacco product seeking a marketing order under section 910(b) of the FD&C Act.² As a result, the applications for the new tobacco products identified in Appendix A are filed, effective the date of this letter.

The decision to file these PMTAs does not mean FDA evaluated the adequacy of the data submitted or issued an authorization order. Rather, it represents a decision by the Center for Tobacco Products that the applications are sufficiently complete to enter substantive review phase. Please note, our filing review is only a preliminary evaluation of the applications and not indicative of deficiencies that may be identified during a substantive review. We will contact you if we have a request for any additional information.

Your tobacco products specified in Appendix A are subject to the requirements of Chapter IX of the FD&C Act and its regulations. It is your responsibility to ensure that the tobacco products specified in Appendix A comply with all applicable statutory and regulatory requirements, including those which may be forthcoming. For more information on your compliance responsibilities under the FD&C Act, we encourage you to visit our website.³ You may also obtain information by contacting us at 1-877-CTP-1373, AskCTP@fda.hhs.gov, or SmallBiz.Tobacco@fda.hhs.gov.
